1) When I visited Kumara Park on Saturday, I noticed that the compound was very much neglected. It appeared that some granite had latterly been removed from the quarries. Some materials of the out-house appeared to have been removed. This has to be looked into. The Registrar is supposed to inspect the property periodically

The House Establishment is under the orders of the Ch. Secy. while the grounds & are under the Supdt. Govt. Farms. the P.W.D. being expected to look after the maintenance of the Bldgs. Orders do not appear to me that this bifurcation of responsibilities is conducive to satisfactory maintenance. I should suggest the Ch. Secy. meeting the Ch. Engr. P.W.D. & the Supdt. Govt. Farms at Kennara Park, discussing the position & coming to a settlement in the matter. It would facilitate the passing of orders if a note after taking action on the lines above. was put up. Establishment charges. contingent Expenditure & Restoration are three of the points which require special consideration.

(8) The question of appointing two watchmen on a monthly pay of Rs 12/- each for watching the trees and other properties in the Compound of Kumara Park.

(9) The Building in the Park is now a Guest House. The House Establishment is under the control of the Chief Secretary, while the garden around is under the Superintendent, Government Gardens, the maintenance of the Building itself being under the Chief Engineer, for Roads and Buildings. Thus the entire premises being under the control of three different officers, no particular department is held responsible for the loss of ~~things~~ trees reported now. The points for consideration now are:-

1. Whether the entire management may not be brought under the control of one department.

2. What should be the Establishment charges and contingent expenditure therefor.

A year later, i.e. in July 1920, with a view to maintaining the grounds etc., of the "Kumara Park" in an efficient condition, the gardens attached thereto were transferred to the control of the Gardens Department, together with the portion of the Garden establishment sanctioned in the G.O. of 2nd June 1919.

3. Since then (July 1920) the entire grounds and even the small flower garden immediately around the building have remained under the complete control and management of the Superintendent Government Gardens.

4. As directed, I inspected Kumara Park and went over the whole grounds on both sides of the Railway line and discussed the situation with the Overseer of the Gardens Department.

5. The grounds are extensive and measure over a hundred acres in extent. The establishment sanctioned is hardly sufficient even to look after the flower garden in the immediate vicinity of the building. The department is, I

I am told by the Overseer, handicapped in its work for want of any funds for meeting the most necessary expenditure, such as, purchase of manure, sand, water pots, brooms, garden implements, etc., The Overseer was reminded of the untidy and neglected appearance of the immediate surroundings, which he has since rectified.

6. I found stones had been quarried in several places and trees cut and removed. The former is said to have been expressly permitted by the Garden Superintendent in the best interests of the mango trees close to the rocks. Even this has since been stopped under orders of Government.

7. The trees cut were all far away from the building and beyond the Rainway line, and further loss in this direction can only be prevented by the employment of watchmen for which an application from the Executive Engineer is pending orders of Government.

SIR,

I have the honour to forward herewith, a copy of letter No.330 dated the 14th March 1923 together with copies of its enclosure, received from the Executive Engineer, Bangalore ---- Division, requesting sanction for entertaining two watchmen on monthly pay of Rs.12/- each for watching the trees and also other property in the compound of "Kumára Park", west of the Railway Line, and stating that the cost thereof, viz.288/- per annum, might be charged to the annual maintenance charges of the building. I request that early orders of Government may kindly be obtained in the matter and the same communicated to this office.

I have the honour to be,
Sir,
Your most obedient servant,

Letter No.330 dated the 14th March 1923, from the Executive Engineer, Bangalore Division, Bangalore, to the Chief Engineer of Mysore, Roads and Buildings, Bangalore.

In forwarding herewith copies of my letter No.1226 dated 24th February 1923 and letter No.1408 dated 5th March 1923, from the Superintendent, Government Gardens, Bangalore, in reply ---- thereto in the matter of employment of watchmen to guard the trees in the compound of the "Kumara Park" west of the Railway Line, I have the honour to state that it is necessary to employ two men for watching the trees and other property in this extensive ---- compound. I therefore request sanction for entertaining 2 watchmen on a monthly pay of Rs.12/- each for the above purpose. The cost viz.,Rs.288/- per annum may be charged to the annual maintenance charges of the building. Due provision will be made therefor in the A.R. estimate for the building on receipt of your orders.

Letter No.1226 dated 24th February 1923, from the Executive Engineer, Bangalore Division, to the Superintendent, Government Gardens, Bangalore.

I have the honour to inform you that it is brought to notice by Suboverseer Mr. Sakaram Row in charge of the Survey of the --- Kumara Park Grounds reports that 7 casurina trees of about 8" dia. each by the channel side beyond cremation ground have been cut and removed by some body. It is understood that private persons are engaged in brick manufacture nearby.

Under these circumstances, I request you to kindly take necessary steps to guard the trees in the compound by employing day and night watchmen as it is later on intended to sell away all the trees when disposing of the grounds as building sites.

Joint Note regarding Kumara Park.

In accordance with the directions contained in the First Member's minute of the 8th May 1923, Mr. K.R. Seshachar, Chief Engineer for Roads & Buildings, Mr. G.H.Krumbiegel, Superintendent, Government Gardens and Mr. K. Matthan, Chief Secretary to Government, met at Kumara Park grounds this morning at 8-30 A.M.

---

(1) With reference to the subject of the present file, we were of opinion that it is unnecessary to appoint two watchmen as proposed by the Executive Engineer, Bangalore Division, to watch the portion of the compound lying to the west of the railway line. The cost of keeping two watchmen will be Rs.288 per annum. It is not worthwhile incurring this heavy expenditure as the loss due to occasional theft of trees would only amount to a few rupees.

(2) In regard to the responsibility for maintenance and supervision of the building and grounds it was agreed that as it has been decided that the portion of the compound to the west of the railway line is to be allotted as building sites, it can no longer be regarded as part of the Kumara Park compound and that the Public Works Department should assume full control over it, including the trees, old sheds and out-houses thereon. The old wine pandal in that portion of the property would be required by the Superintendent of the Government Gardens, and should not be disposed of by the Public Works Department, without previous consultation with the Superintendent. The rest of the ground, that is, the whole of the compound to the east of the railway line including the roads and foot paths will be under the control of the Superintendent, Govt. Gardens. The building and the

house establishment will be under the Chief Secretary. Repairs to the building will as usual be undertaken by the Public Works Department on requisition by the Chief Secretary, or on their own initiative.

(3) The roads in the compound are now maintained by the Public Works Department. For the sake of convenience the maintenance of the approach roads and of foot paths may be entrusted to the Gardens Department and a sum of about Rs.300 may be annually transferred for the purpose from the Public Works Department budget to the Superintendent, Government Gardens.

An annual allotment of Rs.750/- should be placed at the disposal of the Superintendent, Govt. Gardens for the necessary contingent expenses for the maintenance of the compound and garden including purchase of manure, supply of red earth, pots, watchmen and temporary labour. One watchman has been reduced.

(4) As regards the watching of the bungalow and compound it was agreed that by a little co-ordination between the establishment under the Chief Secretary and that under the Supdt., Government Gardens, extra expenditure could be avoided.

(a) There are three watchmen or peons in the house establishment who attend by turns, one at a time. It should be possible to reduce this number by one or even two, the men being given quarters on the premises. (There are vacant rooms in the out-houses). If two are kept, one of them may be placed under the Supdt., Govt. Gardens.

(b) If this is done and the Supdt., Govt. Gardens allows some of his establishment to reside on the premises, the remaining watchman in the above estimate may also be reduced.
